

# Asbestos Awareness and Refresher Training

-Are you complying with the law?

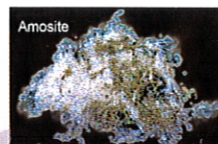

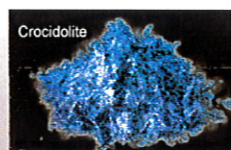

## Are you at Risk?

The regulations require Asbestos Awareness for all: construction workers, surveyors, architects, maintenance staff, electricians, plumbers, gas fitters, painters, joiners, plasterers, demolition workers, heating and ventilation engineers, shop fitters and roofers.

## Refresher Training

Approved Code of Practice 147 states:-  
"Refreshers training should be given at **least every year** and should be appropriate to the role undertaken".

## The Killers!

## Why you need it

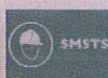

### Control of Asbestos Regulations

require that:-

"Every employer shall ensure that adequate.....training is given to those employees – who .....are liable to be exposed to asbestos...."

### Awareness Training will cover:

Properties of asbestos, effect on health, types of products, dangerous operations, safe work practices, types of surveys, duty to manage asbestos, safe use of respiratory equipment and emergency procedures.
